Hi Becky,

I wanted to check in to see if you have been getting any information from FEMA or other sources on our work in CNMI in relation to the typhoon.

Anything in particular you and the Congressman need to know. I will be putting together an update that I will send to you shortly of the current EPA activities with the response efforts.

Also wanted to apologize for not contacting you sooner, the typhoon and the Colorado Gold King Mine issue both happened at the same time and I was tasked to assist on the mine issue.....

Thanks!
